Model Features

The Stella is a spacious single family home model with an open concept main floor complete with a kitchen that overlooks the great room and dining area. You will also find a spacious walk-through pantry which leads to the mudroom, a grand open to above staircase, and a half bathroom on the first floor. The second floor features a large central bonus room which creates added privacy between the primary suite and the secondary rooms, along with a laundry room. The luxurious primary suite comes complete with a full bathroom and a walk-in closet. This home also offers the option to convert the basement into a legal income suite.
